Comfort Zones, explained

1 Comfort Zone

The back and footrest move together, so sitting, reclining and standing take a single control.

Aspen · Elara · Aurora

4 Comfort Zones

Adds a power headrest and lumbar, and moves your upper and lower body independently.

Dione · Rhea

5 Comfort Zones

Adds Twilight tilt-in-space, which tilts the whole chair back to raise your feet and ease pressure.

Rhea with Twilight · Venice · Titan with Twilight

Every DeLuna chair

- Class I medical device, fully weight-bearing
- SmartTek diagnostics with battery backup
- Designed and engineered in Old Forge, Pennsylvania
- **400 lb** weight capacity
- Lifetime warranty on the frame, lift and recline mechanism
- A choice of lift styles on every model

TAX SAVINGS

Buy your lift chair without GST/HST

Power lift recliners are tax exempt in Canada with a written order from a doctor, physiotherapist, occupational therapist or registered nurse. Every DeLuna chair meets the chair requirements, so you just need the written order.

1. **Get a written order**
   From a doctor, physiotherapist, occupational therapist or registered nurse, with a diagnosis.
2. **Give it to your dealer**
   At the time of purchase, so the tax can be zero-rated.
3. **Keep a record**
   Keep the written order on file for at least five years.

Harmony Wellness Group Ltd., the Canadian distributor of Golden Technologies, holds Health Canada MDEL No. 3918 as a Class I medical device importer. This is general information, not tax advice; your dealer, an accountant or the Canada Revenue Agency can confirm what applies to you.

CUSTOMIZABLE LIFT SUPPORT

Three ways to lift

Every body stands up differently. The lift motion is set to suit you, and it can be changed later if your needs change.

Full Lift

About 21°

Gently raises you to a full standing position.

- Extra support for limited mobility
- Helps during recovery from abdominal, hip or knee surgery

Mid Lift

About 13°

Exclusive

Lifts straight up first, then tilts gently for an easy transfer.

- For people who don't need a full stand
- Not available on 5 Comfort Zone models

Straight Lift

Straight up

Exclusive

Raises the seat straight up with no forward tilt.

- Safer wheelchair and caregiver-assisted transfers
- Not available on Aspen

Every person is different. Try each lift at a dealer, and ask your occupational therapist or health care provider what's safest for you.

Find a dealer

Warranty

The best warranty in the industry

Every DeLuna chair is backed by the same core coverage. Fabric and foam terms vary by model, so check each chair's page.

Lifetime

Frame, lift and recline mechanism

The structure that carries you, covered for as long as you own the chair.

3 years

Electrical parts

Full coverage for 3 years, then pro-rated in years 4 to 7.

1 year

Mechanical and electrical labour

Service labour for the first year.

5 years

Sinda fabric

On Umber, Lagoon and Sparrow. Other fabrics and foam carry 1 year where listed.

Full terms are in the Golden warranty overview at goldentechnologies.ca.

WHERE TO BUY

Try a DeLuna chair at a dealer near you

Golden lift chairs are sold through authorized dealers across Canada. Your dealer can help you choose the right model, size, lift style and fabric, and look after service.

Sit and compare

Feel the difference between 1, 4 and 5 Comfort Zones.

Get the right fit

Match the chair size to your height.

Local service

SmartTek diagnostics help your dealer solve issues quickly.
