

Luxury Adjustable Bed Line

Rest

Your comfort is everything!

ADJUSTABLE BEDS are the perfect solution to a better night's rest. The added convenience of the ability to sit up, elevate your legs, or lay flat with a quality adjustable bed from Golden Technologies is the best way to assure a well rested night's sleep.

STANDARD MODEL WITH PREMIUM MATTRESS 3101

OFFERING AN exceptional value, the Golden Technologies standard model adjustable bed features independent head and foot operation with a state of the art hand control. Superior engineering and strong metal mechanisms offer smooth operation while a whisper quiet, low voltage motor powers the independent head and foot positioning.

WHAT'S ON THE BOTTOM?

Quality Engineering

LOW VOLTAGE, quality motor system operates both the head and foot. Completely enclosed, single motor system design offering safe, durable operation. Dual motor massage system applied directly to the baseboard with a sound dampening application. Massage units are great for soothing the mind and body. (Massage motors available on 4101 model only)

Visco Memory Foam Mattress

Top to bottom:

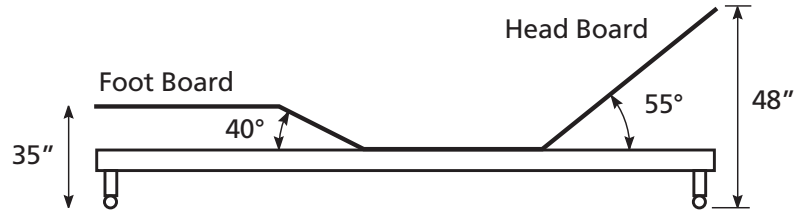

Layer 1: Visco Memory Foam convoluted eggcrate design keeps the user cool and more comfortable.

Layer 2: High-resiliency foam that provides the right layer of support for the top Visco foam layer.

Layer 3: High-resiliency dense foam base

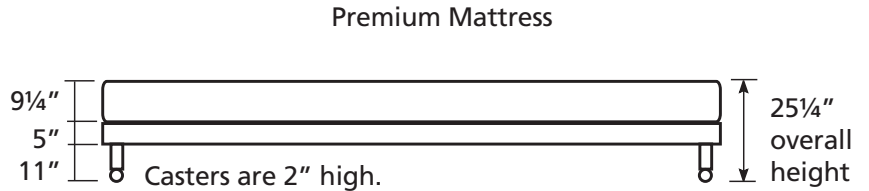

Solid Construction

GOLDEN TECHNOLOGIES adjustable beds are manufactured at our factory in Old Forge, PA. Experienced technicians craft each adjustable bed by hand and our qualified quality control team inspects and approves each bed before shipping. Experience the difference with an adjustable bed from Golden Technologies.
